

Komatsu Forklift Part

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., an associate of the Komatsu Ltd. family, has a positive reputation for building rugged and dependable forklifts. They are known globally as a corporation who has a proud heritage and who maintains a standard of superiority in equipment production and intention.

Komatsu Forklift U.S.A., Inc., a branch of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their vision of a better tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd commenced operations as a maker of construction and mining equipment. Very quickly the company grew into an industry leader and was accountable for building Japan's first contemporary bull dozer and farm tractor.

Over the previous couple decades, Komatsu has evolved to become a international giant thanks to their strength and expertise within the diverse fields of logistics, excavating, construction and mining. By means of modern designs and technological superiority, they continue to be at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Utilizing their enhanced production capabilities and current design methods, Komatsu has become recognized to build the kind of durable and dependable forklift that customers across the globe have come to depend on. In 1976, Komatsu Forklift U.S.A., Inc was established to meet the growing demand for its goods in the North American marketplace. To improve expenditures and efficiencies, a modern plant was built in Covington, Georgia in 1990, to merge all U.S. Komatsu Forklift product support and production operations.

Komatsu Forklift U.S.A. continues to meet the requirements and demands of their consumers worldwide while remaining a primary manufacturer and provider of modern lift trucks and forklift accessories. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's happy customers along with their North American clients.

Following years of providing customer service and maintaining relationships, Komatsu Forklift recognizes that meeting the customers' needs is paramount. All new product improvement at Komatsu starts first with the consumer. By welcoming input and opinions, they are able to determine client wants and expectations then cultivate progressive concepts and then build to exceed Komatsu Engineering Standards. Assuring customers that quality is planned from the start and continued through the production, service and sales processes, allows Komatsu to end up with a superior product from start to finish.

Komatsu engineers are specialized experts in crafting lift trucks, construction equipment and heavy duty equipment. Their design ingenuity and expertise assures that every new piece of equipment will persist in the toughest environments and have the capacity to withstand the roughest applications. Adherence to precise engineering principles enables Komatsu Forklift to meet ISO 9001 standards. Computer aided design and stringent in-house quality standards all factor in to high-class forklift products. Komatsu Engineering Standards translate the contemporary and progressive technology used in advanced mining and construction equipment into world class equipment.

The state-of-the-art plant in Covington, Georgia has all the necessary requirements for full scale production. This facility can take raw steel and manipulate it by preparing, welding, and fabricating it. When assembled and painted the lift trucks are ready to leave the plant and enter the market. Maintaining quality control throughout the duration of the manufacturing process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes given that a product is only as valuable as the people who sell and support it, their sellers make all the difference. Komatsu Forklift is proud of their dedicated dealer networks who strive to exceed expectations. Specialized in all elements from product sales, service or operating education, or aftermarket support, their diverse network of experienced and capable professionals are available. Komatsu Forklift Dealer locations across the nation have a Komatsu OEM parts on-hand to provide the necessary service needed to keep customers' operations running effortlessly. Computerized, real-time access with next day distribution from their highly automated circulation hub is another option. The web-based K-Link system assists sellers with on-line parts management, service and acquisition for all major lift truck models.

At Komatsu Forklift U.S.A., Inc. they understand that their world-class businesses rely on Komatsu forklifts in their day-to-day operations. So Komatsu focuses their attention on their countrywide account consumers allowing them to benefit from a unique partnership that lets them customize their partnership in order to boost consumer productivity and profits. Komatsu nationwide account consumers have access to on-line components and operations support system and a wide-ranging fleet management program, offering the ability for Komatsu to be their total solution for any forklift issues.

The resourceful and reliable team members at Komatsu Forklift U.S.A., are committed to offering excellent customer support no matter if it arrives in the form of instruction, sales, aftermarket support, and longterm maintenance. They want to confirm that the consumer support provided will help their customers satisfy or exceed their business targets while establishing strong working partnerships in the process. Komatsu strives to identify with each of their customers' distinctive means of doing business and enjoys working together to develop a plan to best insure their ongoing success.

Komatsu invites you to contact your local Komatsu lift truck seller today in order to find out more about the selection of services and programs they have available. Customer satisfaction and support are two of the businesses top priorities and it is easy to see why thousands of customers world-wide depend on the Komatsu family of products each day.
